DENNIS R. CHASE,	

SCHOOL REPORT.

In presenting our annual report to the tax payers of this town we are pleased to be able to say that the past year has been an improvement on previous ones.

For the first time in the history of the schools in this town, we have had thirty weeks of schooling. We hope that this may become the standard school year. Other towns maintain that number of weeks, and surely we should try hard to keep abreast of them in this matter.

We have made no change of text books, excepting to introduce a new series of readers to replace the old ones, which were in a very bad condition.

We were able to combine Nos. 4 and 5, a thing which in the past has been considered impossible, with no resulting hard feelings, thereby saving the expense of one school, and at no cost for transportation.

The item of transportation has been still further reduced, it being only about one-half that of last year.

We have maintained four schools in the spring, and five in the fall and winter terms. Our teachers have been as a general thing very successful, although in one or two cases there was decided partiality to favorite scholars.

If the parents and friends would take a little more interest in the welfare of the schools, visit them occasionally, and by word and deed encourage the teacher, it would be a good thing. We are pleased to see that in some divisions they do this, and hope the others will.

In the interest of the education of the children, we hope that we shall find the voters, without regard to party or clique, ready and willing to appropriate the money for their support.

We gratefully remember the many favors received in the discharge of our duties.

Respectfully submitted,

GEORGE F. ELLSWORTH,	}	School Board
